HRIDUL M ANILKUMAR

Location: Kerala, India **Phone:** +91 8289864099
Email: hridul54@gmail.com **LinkedIn:** linkedin.com/in/hridulmk
GitHub: github.com/HridulMk

Profile

MCA graduate specializing in Artificial Intelligence and Machine Learning, with hands-on experience in Python , React.js, Next.js, Django, SQL, and PostgreSQL. Experienced in building AI-powered and full-stack applications, with strong problem-solving, debugging, and software development skills. Adaptable and quick to learn new technologies and tools.

Technical Skills

Programming: Python, JavaScript (ES6+), SQL, C, Dart

Software Engineering: Object-Oriented Programming, Data Structures, Algorithms, Modular Development, Debugging, Troubleshooting

AI / Machine Learning: TensorFlow, Artificial Neural Networks, Predictive Modeling, Feature Engineering, Pandas, YOLO, Computer Vision

Web & Full-Stack: React.js, Next.js, Django, Flask, HTML5, CSS3, Tailwind CSS, Material UI

APIs & Backend: Django REST Framework, REST APIs, JSON, XML, Axios, Authentication, CRUD Operations

Databases: PostgreSQL, MySQL, MongoDB, Database Design

Linux & Networking: Linux, Linux Command Line, Basic System Troubleshooting, Cisco Packet Tracer

AI-Assisted Development: Claude, Cursor, Codex, GitHub Copilot, Grok

Cloud, Containers & Deployment: Docker, Render, AWS, PythonAnywhere, Cloudinary

Development Tools: Git, GitHub, VS Code, Postman, Figma

Professional Experience

Web Application Developer Intern *Progressive Cybernetics Pvt. Ltd.* *Muvattupuzha, Kerala* **Jun 2025 –Sep 2025**

- Designed **user-friendly UI and product workflows** based on project requirements and user needs.
- Integrated and enhanced application features across **frontend, backend, and API workflows**.
- Tested **800+ mock bid records** to identify data synchronization, API, and application issues.
- Collaborated with the development team to debug issues and improve **bid verification efficiency by approximately 20%**.

Python Full Stack Developer Intern *Inmakes Infotech Pvt. Ltd.* *Kochi, Kerala* **Jul 2023 – Oct 2023**

- Developed an **e-commerce application** with authentication, product management, and CRUD features.
- Completed hands-on **Python Full Stack training** through project-based development.
- Worked on **OpenCV-based computer vision tasks**, gaining practical image-processing experience.
- Gained experience in **debugging, testing, problem-solving, and deployment**.

Digital Marketing Intern *Adz4Needz* *Remote* **Jun 2026 – Aug 2026**

- Coordinated **task assignments and daily deliverables** to keep team activities organized and on schedule.
- Reviewed **social media performance data** to identify trends and support content and campaign decisions.
- Gained hands-on experience in **team leadership, communication, content strategy, and performance analysis**.

Relevant Projects

Oction Mart – Real-Time Auction Platform *Next.js, Django REST Framework, PostgreSQL*

- Built a full-stack auction platform with **role-based access, bidding, and transaction workflows** for 80+ mock users.
- Implemented real-time bidding features and tested the platform with **100+ concurrent bid streams**.
- Built secure **JWT-authenticated REST APIs** and validated 500+ transaction records.

ParkAI – AI Smart Parking & Space Sharing Platform *Flutter, Django REST Framework, YOLO, PostgreSQL, Computer Vision*

- Built an AI-powered parking platform for **slot booking, vehicle access, and parking management**.
- Developed computer vision workflows for **vehicle recognition and parking-slot occupancy detection**.
- Integrated **QR-based entry/exit and payment workflows** and tested 300+ transactions.

AI Student Dropout Prediction System *Python, Pandas, SQL, Machine Learning*

- Developed a hybrid **Machine Learning** system to identify dropout risk across **1,000+ student profiles**.
- Cleaned and analyzed attendance, academic, and fee data to identify **dropout patterns and risk factors**.
- Automated **student risk scoring and individual intervention reports** with AI-generated recommendations to support early intervention.

Education

Master of Computer Applications (AI & Machine Learning) **2026**

Jain University, Kochi CGPA: 8.35

Bachelor of Science (Physics) **2023**

St Pius X College, Rajapuram (Kannur University) 63.08%

Professional Development

- Exploring IoT with Cisco Packet Tracer – Cisco Networking Academy
- Machine Learning with Python – IBM
- Databases and SQL for Data Science with Python – IBM
- AWS Solutions Architect Associate (SAA-C03) – LinkedIn Learning

Conferences & Workshops

- RAG (Retrieval-Augmented Generation) Hands-on Workshop – MongoDB, The Summit of Future 2026, JAIN
- Presented research paper "Lightweight Post-Quantum Cryptography for IoT Security in Space Communication" at ICAISM, Jain University, April 2025
